

New Creation's Children's Ministry

Our Vision

To create a warm, welcoming environment that invokes a feeling of LOVE. A place for your children to gather and feel safe.

Whether this is a new journey for your child or they are already familiar with Jesus' teachings – our Beautiful Things Children's Ministry will introduce the Bible in fun and practical ways.

Our goal is to deliver messages of LOVE, friendship and respect through the teachings of the Bible. Messages that will carry on throughout their daily lives outside of New Creation Communities' walls.

"See what great love the Father has lavished on us, that we should be called children of God! And that is what we are! The reason the world does not know us is that it did not know him. John 3:1
